

**Do-it-yourself printing for safety
& facility identification**

About Brady

Once you have worked with BRADY, our name will stick with you, (just like our labels) because BRADY is one of the world's leading labelling and identification specialists.

Innovative

At BRADY we continue to improve. We have many customers from all industries, and we strive to be ahead of their needs by continuing to invest in research for even more performant solutions. By developing more user-friendly and efficient concepts, we give our thousands of customers the best in the market.

Strength

At BRADY, we believe our biggest strength is the wide range of identification and safety solutions we can offer our customers, whether it's labelling the smallest component or complete signage for an entire warehouse. We're also proud to offer many products and services - from printers, scanners and software to service contracts and on-site training - that compliment any identification job. And don't forget, our wide network of expert distributors can always offer you a tailor-made solution to meet your specific requirements.

Trust

For hundred years, BRADY has been connected with quality, trust and stability. We demand the best for your products and services, because we know, better than anyone, the importance of good and reliable identification. Identification looks like a small detail, but every professional knows that this kind of detail is crucial to any business.

Inform

We also have specialised dealers in your region, who can answer all your identification and labelling questions, specific to your activity. They will be happy to provide you with all kinds of options and solutions with no obligation.

Brady products are sold on the condition that the purchaser will test them in actual use and determine for himself/herself their suitability to his/her intended purpose. Brady warrants to the purchaser that Brady products are free from defects in material and workmanship but limits its obligation under this warranty to the replacement of the product which has been shown to Brady's satisfaction to have been defective at the time of its purchase. The warranty does not extend to any persons who have acquired the product from the purchaser. It is in lieu of any other warranty, including every warranty of sale-ability, marketability or suitability for the intended purpose, and is also in lieu of any other obligation or liability on the part of Brady. Under no circumstances will Brady be liable for losses, damage, costs or subsequent damage of whatever nature which may arise in connection with the use of, or inability to use, Brady's products.

Do-it-yourself printing

The Brady advantage

When it comes to identification, safety and compliance, there's a clear advantage to working with Brady. We put our customers first in everything we do.

Our goal is to give you an unrivalled customer experience. We are relentlessly committed to performance and excellence - in our products, services and people.

Our products and solutions perform in ways that others simply can't match. Our people perform in ways that regularly exceed your expectations, and our focus and discipline work toward solid, long-term performance for our customers.

In short, Brady is the company you trust when performance matters most.

Print a compliant, safe and efficient workplace

With professional safety & facility identification printers & software from Brady, you can take full control of your workplace identification to quickly comply with national and European safety requirements, to make it safer and more efficient in line with 5S and lean manufacturing.

On-site printing capabilities

Having professional safety & facility identification printing capabilities and software on-site, offers a set of interesting advantages:

- Fast: design your sign, pipe marker or area marker with Brady Workstation apps, hit print and apply your identification, no need to wait for deliveries
- Customisable: easily add custom warning messages, your company logo or make your own combination of signs in several sizes and shapes
- Cost-effective: no need to stock labels you may never use, just print the label or sign you need

Durable materials

Brady's high performance safety & facility identification printers use researched inks to print on durable sign and label material constructions. These are designed to offer maximum durability in a wide range of industries, taking into account combinations of specific challenges and needs such as UV, moisture, heat, cold and chemical resistance, or resistance to harsh washdown cycles or abrasion.

Create any sign or label

Brady Workstation offers professional, intuitive apps to design quality safety signs. Safety & facility identification design becomes easier, faster and quickly adaptable to new norms & regulations thanks to centralised updates. With Brady Workstation you can:

- Select the apps you need, activate the 30 day free trial and purchase when satisfied
- Easily connect to a Brady printer via an internet connected computer
- Receive an alert from high-end Brady printers if you need to load a different label supply to print your design

Print a compliant, safe and efficient workplace using a quality safety printer and Brady Workstation apps!

Printer comparison guide

	BMP71 Portable Label Printer	BradyPrinter S3000 Sign & Label Printer	BradyPrinter S3100 Sign & Label Printer	BBP35/BBP37 Multicolour Sign & Label Printers
Description	The BMP71, one smart printer to print it all. This ultimate Brady Mobile Printer helps you deal with every situation, speeds up your labelling and keeps you going on and on. It prints any die-cut or continuous label - also custom labels - up to 50.8mm in more than 30 different materials.	The BradyPrinter S3000 Sign and Label Printer is a peripheral industrial monochrome sign and label printer for facility, safety and Lean/5S applications. Designed to be easy to use and versatile enough to handle all of your indoor and outdoor labeling needs using the industry's best materials. Automatic label setup with no calibration, 20-second material changeovers. This printer comes with a free Brady WorkStation Basic Design Software Suite, enabling you to immediately start designing professional signs and labels.	The BradyPrinter S3100 Sign and Label Printer is extremely easy to use and features auto-calibration and automatic label material setup. This will enable you to just walk up to the printer and start printing the signs and labels you need. Switching to another label material is easy and extremely fast thanks to the printer's 'drop-in' label materials and matching ink ribbons that can be switched out in less than 20 seconds. An intuitive user interface with touch screen offers a wide variety of sign & label design options, even when the printer is used in standalone mode.	Brady's BBP35/BBP37 label printers offer outstanding colour capabilities to quickly create a safer, more productive facility. The printer's simple, automatic label setup and intuitive touchscreen enable you to make signs on demand and on-site in any colour and shape!

Brady label materials are made to impress

Brady labels last the longest, period.

Brady labels stick and stay stuck, plain and simple. In fact, some last up to 10 years outdoors*. You only need to make them once. And after you make them, they're there for good.

Options. Lots of options.

We make labels for specific applications. That's why we have hundreds of label types and sizes to choose from. We want you to be 100% confident that you have the right label for your exact application.

We set the bar high.

There's a reason why Brady materials lead the industry in durability and performance. It's because we design and manufacture the labels ourselves. We put our materials through rigorous, painstaking tests and trials – and nothing leaves our doors until it passes with flying colours. We set the standards high – because we know it's the only way our materials can exceed your expectations.

With label printing like this, the possibilities are endless.

*Average expected outdoor life of product will depend on user definition of failure, climatic conditions, mounting techniques and material colour. The up to 8 to 10 year outdoor durability applies to the vinyl label stock only; ribbon durability will vary. A polyester overlaminated is recommended for harsh environments - long term exposure to wind and rain.

Impressive material line up

Depending on the customer's needs, the printers can be used with over 400 material parts in 30 different materials designed for:

- Multicolour safety identification signs
- Pipe markers
- 5S labels and general purpose die cut labels
- Production line facility labels

BMP71 LABEL PRINTER

The BMP71 mobile label printer can print on more than 30 different types of label material – all designed with Brady's industrial-strength durability. Whether you need heat-shrink sleeves, die-cut labels or indoor/outdoor vinyl, you can be confident that the BMP71 printer has the right label material for your application.

Speed up your labelling

The powerful BMP71 prints faster than any other printer in its class (38 mm/sec). Don't wait longer than necessary for your labels.

The full keyboard lets you type labels in less time

The BMP71 has a full keyboard, available in 4 different versions: QWERTY, AZERTY, QWERTZ and CYRILLIC. Use both your hands to type your label instead of one finger and save time!

The enlarged full colour screen makes your label printing so much easier

The enlarged screen of the BMP71 enables to see the whole label at once, helping you to compose the label in the most efficient way, eliminating trial and error!

One smart printer to print it all

The BMP71 is your essential tool that handles all your label printing needs.

**Average expected outdoor life of product will depend on user definition of failure, climatic conditions, mounting techniques and material colour. The up to 8 to 10 year outdoor durability applies to the vinyl label stock only; ribbon durability will vary. A polyester overlaminate is recommended for harsh environments - long term exposure to wind and rain.

Order references with "C" (e.g. M71C) indicate continuous. Order references beginning with "B" indicate bulk rolls.

B-584 reflective vinyl

- The reflective quality of this material makes it ideal for reading labels in low light conditions (with flashlights).

Diagram	Order Reference	Colour	Size - Width A (mm)	Size - Length B (m)	Recommended Ribbon
B-584: Reflective Tape					
	BM71C-1000-584-YL	Yellow	25.40	22.86	M71-R6000HF

B-582 photoluminescent polyester tapes

- Glow-in-the-dark material. Ideal for exit and directional signs, identification of fire alarms and extinguishers, low location egress pathway markings, and directional systems for escape or evacuation routes.

B-483/B-634 ToughStripe area marking tape

- Create custom-printed floor labels, with easy 3-step process: print label, position on floor, apply overlaminates.
- Each kit includes 1 roll of B-483 tape and 1 roll of B-634 overlaminates.

Diagram	Order Reference	Colour	Finish	Size - Width A (mm)	Size - Length B (m)	Recommended Ribbon

B-854 and B-855 ToughWash series labels

- Durable label construction resists harsh washdown environments and has been tested at washdown temperatures up to 80°C (175° F) and pressures up to 1500 PSI.
- B-854 is a metal detectable version, capable of being detected by commercially available metal detectors.

BradyPrinter S3000 SIGN & LABEL PRINTER

With the BradyPrinter S3000, you can print a wide range of signs and labels to increase safety and efficiency in any workplace. Safety signs, floor marking, 5S labels, lean labels, labels to identify racks, doors, stairs, bins, desks and chairs and CLP-labels to identify chemicals can all be printed in monocolour at your location whenever you need them.

The BradyPrinter S3000 prints on Brady's industrial grade vinyls that offer 8-10 year outdoor durability, and on polyesters including ToughStripe floormarking. Signs & labels printed with the BradyPrinter S3000 can be used both in- and outdoor, which is extremely useful for safety & facility identification in large plants, in and around production halls, warehouses and logistics & distribution centres. Brady's sign & label materials are designed to last in industrial environments and have been tested in line with international ASTM test methods. Technical data sheets are available for every sign & label material.

The BradyPrinter S3000 is extremely easy to use and features auto-calibration and automatic label material setup. This will enable you to just walk up to the printer and start printing the signs and labels you need. Switching to another label material is easy and extremely fast thanks to the printer's 'drop-in' label materials and matching ink ribbons that can be switched out in less than 20 seconds. When used with Brady Workstation apps, a wide variety of sign & label design options becomes available.

Printer specifications

Language Support	Bulgarian, Chinese (Simplified), Czech, Danish, Dutch, English, Estonian, Finnish, French, German, Hungarian, Italian, Norwegian (Bokmål), Polish, Portuguese, Romanian, Russian, Slovak, Slovenian, Spanish, Swedish, Turkish, Croatian
Software Compatibility	Brady Workstation, Windows based driver for 3rd party software use
Bar Code Type	Through Brady Workstation
Recommended Usage per Day	600 x 50.80mm by 101.60mm labels per day, 300 larger labels per day. 8 hours / 5 days
Colour Capability	Monocolour
Stand-alone Printing (Detached from PC)	Peripheral
Connectivity Options	USB
Print Speed (mm/sec)	101.6
Print Technology	Thermal Transfer
Print Resolution (dpi)	300
Smart Cell	Yes
Max. Label Width (mm)	107.95
Max. Print Width (mm)	101.60
Materials Supported	Magnetic Polyester; Metal Detectable Polyester; Metallic, Non-metal Polyester; Metallised Polyester; Paper; Phosphorescent Polyester; Polyester; Polyester Tag; Polyester with Polyester Overlaminates; Polyimide; Polyvinylfluoride; Reflective Tape; Tamper-evident Metallised Polyester; Vinyl
Display	Colour Touchscreen
Cutter	Auto Cutter
Power Supply	AC Adaptor
Width x Height x Depth (mm)	230.60 x 241.60 x 304.80
Weight (kg)	5.30

BradyPrinter S3100 SIGN & LABEL PRINTER

With the S3100 Sign & Label Printer, you can print a wide range of signs and labels to increase safety and efficiency in any workplace. Safety signs, floor marking, 5S labels, lean labels, labels to identify racks, doors, stairs, bins, desks and chairs and CLP-labels to identify chemicals can all be printed with the S3100 at your location whenever you need them.

- Intuitive built-in features offer ease of use so anyone can walk up and print labels
- Ideal for centralised locations and lean/5S events
- Compatible with powerful Brady Workstation label apps for added versatility
- “Drop in ribbons and labels mean no complicated threading, assembling spindles, sensor adjustment or calibration steps
- You can get on with the job faster, giving you more time for other tasks

BBP37 Multicolour & Cut Signs & Label Printer ships with: BBP37 Printer, power cord, Brady Workstation Basic Suite, USB Cable, Cleaning Kit, Cutter Cleaning Tool, Quick Start Guide.

BBP35 MULTICOLOUR SIGN & LABEL PRINTER

BBP37 MULTICOLOUR & CUT SIGN & LABEL PRINTER

Brady's sign and label printers give you the power to make signs and labels in the colours and shapes you need to make an impact – right at your own facility and right when you need them. With remarkable multicolour printing, versatile shape-cutting capabilities and impressively fast print speeds, you won't remember how you lived without one of these printers.

Multiple print colours

- Print signs and labels that are more noticeable, more memorable and more effective
- Colour is the differentiator when you need to effectively improve workplace safety and productivity

Shape cutting

- Revolutionary built-in XY plotter-cutter system in the BBP37 printer (cuts - only selected 4" materials)
- Cut shapes around your messages text and create labels designed to fit your exact specifications

Label making made easy

- Intuitive built-in features offer ease of use so anyone can walk up and print labels
- Ideal for multiple users, centralised locations and lean/5S events
- Compatible with powerful Brady Workstation Label Apps and Facility Identification Software for added versatility

Printer comparison guide can be found on **pages 6 & 7**

Automatic label setup

- Printers read critical information from the supply cartridge and then automatically set it up so you can start printing immediately
- No more calibration or wasted labels, no print speed/burn temperature trial labels, no scrolling through screens to select a label and no wasted time setting up label dimensions or text size

20-second material changeovers

- "Drop in" ribbons and labels mean no complicated threading, assembling spindles, sensor adjustment or calibration steps
- You can get on with the job faster, giving you more time for other tasks
- Fast processing time and print speed means you don't have to wait around for your labels

The Basic Suite is included with every printer, download it: Workstation.BradyID.com/Free

Compatible with BBP37, BBP35, BBP30, S3000, BBP31 & S3100 printers.

B-595 high performance indoor/outdoor vinyl

For general facility and safety identification: our best industrial vinyl yet

- Durable, low-shrink vinyl with our most aggressive adhesive
- Conforms to irregular, curved, rough and highly textured surfaces (painted cinder blocks, uneven wood, textured plastics, paper-jacketed pipes, powder-coated surfaces)
- Adheres to “difficult” low-surface energy items (PVC piping, blow-moulded equipment cases, ABS plastics, recycled plastics)

B-569 high performance polyester

For labelling stainless steel and smooth surfaces

- Recommended for low-halide content for labelling stainless steel pipes and surfaces
- Applies best to very smooth surfaces and ideal for mounting to rigid panels

Premask application tape

- Use Premask Application Tape to easily apply cut out letters and shapes in a straight line.

Article No.	Description	Size - Width A (mm)	Size - Length B (m)
243242	PREMASK APPLICATION TAPE	100.00	50.00

B-595 pre-printed pre-cut blank sign headers

For creating Arc Flash and safety warning labels in seconds

- Allows the printer to create multi-colour signs fast - in a single print pass
- Indoor/Outdoor grade material conforms to rough, irregular and "difficult to adhere to" surfaces

i Create Arc Flash labels and safety warning labels by using these supplies with the built-in templates of the BBP35/37 printer or with the templates in the Workstation software.

B-7569 pre-printed GHS/CLP chemical labels

Print 2 colour GHS labels in one fast print pass

- Blank labels with pre-printed red diamonds allow printer to produce 2 colour GHS/CLP labels in one print pass
- 4 sizes of labels that match templates in the Brady Workstation CLP (GHS) app. Find out more at workstation.bradylid.com!
- Indoor/outdoor vinyl material withstands exposure to moisture, chemicals and handling

Brady Workstation CLP (GHS) labels app

Easily design and print GHS/CLP labels using the predefined chemical descriptions, symbols and signal words in the Brady Workstation GHS/CLP label app.

The Brady Workstation GHS/CLP label app enables users to select chemicals by name or CAS-number. The app then automatically populates all required fields to create a compliant GHS/CLP label.

Discover Brady Workstation
www.bradyeurope.com/workstation

B-483/B-634 ToughStripe floor marking tape with overlamine

Ideal for marking aisles, passageways and storage locations

- Create custom-printed floor labels, with easy 3-step process: print label, position on floor, apply overlamine
- Each kit includes 1 roll of B-483 tape and 1 roll of B-634 overlamine

These materials are only suitable for use with the Brady BBP37 & BBP35 printers.

ToughStripe floor tape adhesion rates

Floor types

B-854 and B-855 ToughWash washdown resistant labels

Withstands pressures of high heat, harsh chemicals and numerous washdown cycles

- Ideal for use in the Food & Beverage industry
- Legible and long-lasting for even the toughest washdown cycles
- B-854 offers metal detectable layer to detect foreign debris in food stream

Diagram	Order Reference		Size - Width A (mm)	Size - Height B (mm)	Size - Length B (m)	Labels per Roll	Recommended Ribbon

Continuous tapes for general identification

Allows for efficient material use

- Materials have high-tack adhesives for use onto a wide variety of surfaces and components
- Good for cutting out custom-sized labels

B-526 BradyGlo high-intensity photoluminescent tape

For glow-in-the-dark identification - up to 10 hours

- Designed for directional and evacuation marking
- Ideal for marking emergency utility shut-offs, fire extinguishers, alarm pulls and vital equipment controls

Diagram	Order Reference	Colour	Size - Width A (mm)	Size - Length B (m)	Labels per Roll	Recommended Ribbon Series

B-595 and B-7569 pre-cut blank labels

For general purpose, peel-off-and-apply identification

- Ideal for a wide range of labelling applications
- Includes two sizes that are pre-cut and pre-sized to fit heavy-duty rigid tags
- Indoor/Outdoor grade material

Diagram	Order Reference	Colour	Size - Width A (mm)	Size - Height B (mm)	Labels per Roll	Recommended Ribbon Series

B-551 non-adhesive tag stock

For safety, lockout and general purpose hanging tags

- Non-adhesive, polyester stock
- Hole punch available separately. Order reference: 020591
- Optional snap-in grommets available. Order Reference: 020596

B-7569 indoor/outdoor vinyl

General purpose industrial vinyl for indoor/outdoor usage

- High gloss, durable and flexible identification material
- Adheres to difficult low surface energy materials
- Can handle up to 75°C, which meets industry maintenance temperatures
- Low-shrink Vinyl

Diagram	Order Reference	Colour	Size - Width A (mm)	Size - Length B (m)	Labels per Roll	Recommended Ribbon

Transfer tape is the best way to apply cut-out shapes and text!

1. Cut out your shape or text and weed away unneeded material
2. Apply transfer tape over your cut-out objects and press firmly
3. Peel back the transfer tape and expose the adhesive side of your pre-spaced objects
4. Position object in place and press firmly onto final surface
5. Peel back transfer tape at sharp angle to surface
6. Works great for cut-out text on rigid sign panels too.

B-581 repositionable vinyl

For 5S and lean applications

- Aggressive adhesive stays in place but removes cleanly without leaving adhesive residue
- Ideal for temporary, removable and repositionable labels, like 5S and lean inventory labels

Diagram	Order Reference	Colour	Size - Width A (mm)	Size - Length B (m)	Labels per Roll	Recommended Ribbon

B-593 raised profile labels - push button style

Lower cost than engraved legend plates

- High gloss, polyester label with thick raised profile and ultra-aggressive adhesive (total thickness = 0.65 mm)
- High performance, low cost substitute to engraved plates
- 10 year outdoor durability rating
- On-demand labelling: labels print out in less than 4 seconds
- 5 push button sizes (including keyed with 22.50 and 30.50 mm hole diam and non-keyed with 22.50 mm hole diam)

Print ribbons

“Drop & Click” Print Ribbons for Quick and Easy Supply Changes

- Tough, smear-proof ribbons that produce long-lasting printed text
- Print can withstand years in industrial areas and outdoor conditions
- Ribbons supplied in self-contained cartridges that drop straight into the printer with a “click”
- No calibrating, no threading, no waste, no hassle and the ink will always be facing the right direction
- Printer notifies user if installed ribbon is not recommended for the installed labels

All multi-colour panelled and process colour ribbons are compatible with BBP35 & BBP37 only.

BBP85 SIGN & LABEL PRINTER

The BBP™85 Sign and Label Printer allows you to create 254 mm wide labels in multiple colours, and it has an easier-than-ever interface that anyone on your team can use! No more complex, tedious design steps. No more ordering and waiting. Now you can just walk up and print... and instantly create high quality, multi-coloured visuals up to 254 mm wide.

Big output. Little fuss.

Create extra-large custom signs and labels right now! This printer has our fastest, easiest operating system, so anyone on your team can design visuals with little to no training. The ideal printer for multi-user Lean, 5S and Kaizen Labelling events!

Bold multi-colour printing.

Get your message noticed with strong, colourful visuals. Print up to 4 colours on a single label for professional-looking, custom-made signs, labels and warnings that demand attention.

- Unmistakably large visuals up to 254 mm wide
- Just walk up and print...it really is that easy!
- Simple touch-screen interface for stand-alone use, or print from your PC with MarkWare™ Software
- Timesaving label design apps to create pipe markers, safety signs, right-to-know labels and more!
- USB port for importing files, fonts and graphics

- Highly durable multi-colour thermal transfer printing
- Print common sign formats even faster using pre-printed sign header supplies
- Add more label creation flexibility with Brady Workstation signs creation apps
- Ethernet port for easy printer networking

Multi-colour signs

Reflective signs

Photoluminescent signs

Pipe markers

Warehouse identification

Hazard warning signs

Best-of-the-best materials.

Brady's sign and label materials lead the industry in durability and performance.

They withstand harsh conditions, stay stuck on the most challenging surfaces and they simply last longer than other materials on the market. With the BBP85 Sign and Label Printer, you can choose from over one hundred supply options, including:

- Huge selection of 101.60 mm wide to 254 mm wide industrial grade outdoor materials
- Specialty materials including Reflective and Glow-in-the-Dark
- Pre-printed sign header supplies for CLP (GHS) and OSHA or ANSI safety signs, which means only one print pass!

BLS laminating system and panels

Brady's BLS2000 laminating system quickly mounts printed signs to acrylic panels.

Offers rigidity and protection for signs affected by external factors such as acid spills, solvents, etc. The end result makes the signs look even more professional, allowing the panel to be mounted to, or suspended from the structure of your choice.

Compatible with BBP85 printer.

B-595 high performance indoor/outdoor vinyl

For general facility and safety identification: our best industrial vinyl yet

- Durable, low-shrink vinyl with our most aggressive adhesive
- Conforms to irregular, curved, rough and highly textured surfaces (painted cinder blocks, uneven wood, textured plastics, paper-jacketed pipes, powder-coated surfaces)
- Adheres to “difficult” low-surface energy items (PVC piping, blow-moulded equipment cases, ABS plastics, recycled plastics)

Safety and facility identification: 5S labels, pipe markers, safety & warning labels, equipment & panel labels, arc flash & chemical labels and more!

B-595 pre-printed right-to-know chemical labels

For quickly creating NFPA and Colour Bar labels

- Allows the printer to produce 5 colour chemical labels in a single print pass
- Indoor/Outdoor grade material withstands exposure to moisture, chemicals and handling

Diagram	Order Reference		Size - Width A (mm)	Size - Height B (mm)	Labels per Roll	Recommended Ribbon

B-595 pre-printed pre-cut blank sign headers

For creating safety warning labels in seconds.

- Allows the printer to create multi-colour signs fast - in a single print pass
- Headers meet OSHA 1910.145 and ASME/ANSI Z535 standards
- Indoor/Outdoor grade material conforms to rough, irregular and "difficult to adhere to" surfaces

Which material for which application?

For more information on which printer material is suitable for a particular application, please refer to our guide located on page 9.

B-7569 indoor/outdoor vinyl

General purpose industrial vinyl for indoor/outdoor usage

- High gloss, durable and flexible identification material
- Adheres to difficult low surface energy materials
- Can handle up to 75°C, which meets industry maintenance temperatures
- Low-shrink Vinyl

B-7569 pre-printed CLP (GHS) chemical labels

Print 2 colour CLP (GHS) labels in one fast print pass!

- Blank labels with pre-printed red diamonds allow printer to produce 2 colour CLP (GHS) labels in one print pass
- 3 sizes of labels, each with 6 diamond layouts that match templates in the Brady Workstation CLP (GHS) app. Find out more at workstation.bradyid.com!
- Indoor/outdoor vinyl material withstands exposure to moisture, chemicals and handling

B-569 high performance polyester

For labelling stainless steel and smooth surfaces

- Recommended for low-halide content for labelling stainless steel pipes and surfaces
- Applies best to very smooth surfaces and ideal for mounting to rigid panels

B-584 retro reflective tape

For highly reflective identification that shines back brightly when struck by light

- Ideal for labelling outdoor utility poles and pedestals, jobsite equipment and roof-top equipment
- Recommended low light or inclement weather conditions
- Class 1 Reflectivity (Fed. Spec. L-S-300)

B-526 BradyGlo high-intensity photoluminescent tape

For glow-in-the dark identification - up to 10 hours

- Designed for directional and evacuation marking
- Ideal for marking emergency utility shut-offs, fire extinguishers, alarm pulls and vital equipment controls
- Class B material according to the PSPA Performance classification

Diagram	Order Reference	Colour	Size - Width A (mm)	Size - Length B (m)	Labels per Roll	Recommended Ribbon

Clearly indicate safe escape routes leading to emergency exits with our photoluminescent tape.

Contact our Brady distributor for more information about our complete range of marking and signage products.

Choose from a variety of heavy-duty, smear-proof ribbons, including single colour and multi-colour panelled ribbons. These ribbons are uniquely designed with memory cells that communicate information to the BBP™85 Sign & Label Printer.

Printer notifies user if the installed ribbon is not recommended for the installed labels.

BradyJet J2000 COLOUR LABEL PRINTER

The BradyJet J2000 prints on Brady's reliable indoor sign, tag and label materials that stay attached and remain legible when exposed to liquids, alcohol and indoor lighting. They can be counted on to warn coworkers about hazards, or to instruct them on the optimal use or maintenance of machinery.

Signs that comply and get noticed

With over 16 million colour variations, the new BradyJet J2000 enables customers to print their own, eye-catching safety signs, tags, pipe markers and lean instruction labels to increase workplace safety and efficiency and at the same time comply with any regulatory colour code. Quality images and pictures can be added to any sign thanks to the printer's high, photo-quality printing resolution of 4800 dpi.

Easy to use

With 26.4 by 38.9 cm dimensions, the BradyJet J2000 has a small footprint and is very practical and easy to use. Spring loaded Brady label rolls can be switched in less than 20 seconds and with automatic label set up, the printer is ready to print in no time. And with up to 63.5 mm per second print speed, even larger colour coded sample labels can quickly be printed on demand.

Fast

Print full colour signs and labels in one pass at a top speed of 150 mm per second. That makes the BradyJet J5000 Colour Label Printer a great peripheral tool for any company that needs to quickly add or renew indoor safety signs, lean labels or pipe markers.

Durable

The BradyJet J5000 Colour Label Printer prints on Brady's durable B-2595 vinyl and B-2569 polyester sign and label material range. These labels feature a topcoat that enhances the colour and label appearance, and protects your print from smudging and harsh conditions. The labels have been tested to withstand exposure to liquids, alcohol and chemicals. Available in sizes ranging from 55.00 to 203.20 mm for the BradyJet J5000 Colour Label Printer.

Create full colour rigid signs with BradyJet

Full colour high resolution messages succeed best in attracting people's attention which is incredibly important to warn co-workers for potential dangers with safety signs. Brady now offers a practical kit in addition to the BradyJet J5000 Colour Label Printer to combine the advantages of full colour messaging with the extra durability and abrasion resistance of rigid signs.

Order Reference	Article No.	Description

Compatible with BradyJet J5000 printer.

Print your own Lockout procedures in full colour

Lockout/Tagout procedures can save lives during maintenance by offering complete and precise steps on how to isolate machines from their energy supply. For optimal compliance, these procedures should be attached to the relevant machinery. A practical way to do this, is designing the procedure in the Lockout Writer app from Brady Workstation and print it with the BradyJet J5000 Label Printer in full colour on durable materials.

Includes the Brady Workstation Basic Design Suite as standard - <http://workstation.bradyid.com/>

Add outdoor durability with the new laminates!

The BradyJet J5000 Colour Label Printer is able to quickly print full colour signs and labels with indoor durability. By applying a laminate, these on-site printed full colour signs and labels can be given 3 year outdoor durability, considerably expanding the printer's applications. 4 sizes of laminates can be applied, and each laminate is 12 mm wider than its corresponding label material for easier application of the laminate.

Design any label with Brady Workstation apps

Brady Workstation offers professional, intuitive apps to design quality product and cable labels and safety signs. Label design becomes easier, faster and quickly adaptable to new label norms thanks to centralised updates.

Simply download Brady Workstation to your desktop and add the applications you need:
www.workstation.bradyid.com

Design any label with Brady Workstation apps

Brady Workstation offers professional, intuitive apps to design quality product and cable labels and safety signs. Label design becomes easier, faster and quickly adaptable to new label norms thanks to centralised updates.

Select the apps you need

Simply select the apps you need, download the 30-day trial and purchase when satisfied. Available product, cable, safety and facility identification apps enable you to:

- design and edit custom labels and signs
- design label templates and lock elements for consistency
- create text-only cable labels
- automate label creation
- easily import data
- easily set up complex label sequences
- easily design CLP-chemical labels
- print lockout procedures, tags and energy source labels
- design safety and facility signs.

Brady Workstation Safety and Facility Identification Software Suite

Keep your facility safe and compliant by creating custom signs, label and pipemarkers, adding visual safety guidance.

Workstation.BradyID.com/SafetyAndFacility

Available in multiple languages

Brady Workstation apps are available in 20 languages, including English, French, German, Russian, Spanish, Italian, Polish and Dutch. Select your language before downloading from the drop down menu.

Easily connect to your printer

Brady Workstation works seamlessly with a range of Brady desktop and portable printers. Brady's high-end label printers also offer bi-directional communication with Brady Workstation and will inform users if they have to switch label materials to print specific label designs. Printer compatibility is shown in Brady Workstation on an app by app basis.

Simply download Brady Workstation to your desktop and add the applications you need: www.workstation.bradyid.com

We shape, you print

Experience all the advantages of flexible, on-site label printing on demand. Insert a standard or custom industrial grade label cartridge or roll in your label printer, design your label with Brady Workstation apps, print and apply. Or connect to your ERP and have your labels printed and applied automatically in real time. We offer a range of possibilities with one aim: to get you the label or sign you need in seconds.

Print on available labels

We offer a wide range of industrial grade, reliable labels on rolls or in cartridges that can be printed at your facility or in the field with our benchtop and mobile label printers.

Print any imaginable label

Do you want to alter available standard labels? Include a preprint so you can finalise labels more quickly by just adding a barcode or serial number? Need a special shape or colour? We can create unique label rolls or cartridges for you, and enable you to print them at your facility or in the field with these label printers.

Contact us

Let us know what type of label or sign you need, and we will offer you a reliable identification solution that can resist tough industrial conditions and that can be printed at your facility or in the field.

This section provides a quick reference to Brady materials listed throughout this catalogue, including basic attributes, applications and regulatory compliance where applicable. For more detailed material attribute and performance information, please refer to the material's Technical Data Sheet, listed at www.bradyeurope.com/tds.

B-2551	Heavy Duty Polyester	Matt	White	-40 °C	60 °C	Brady B-2551 indoor marking tag stock is an aqueous inkjet receptive, rigid, matte finish, tag product, designed for use in roll form with the BradyJet J5000 Color Label Printer. B-2551 enables compliance if printed and applied according to standards for tag out tags and lockout tags.	Complies to OSHA 1910.145(f) when printed with required signal word and major message.
B-2569	Inkjet Receptive Polyester	Matt	White	-40 °C	60 °C	B-2569 is a polyester indoor marking material used indoors for Pipemarkers, Arrow Tape, Warehouse Marking, Warning Panels, Safety Signs, Arc Flash and Visual Workplace labels.	—
B-2595	Inkjet Receptive Vinyl	Matt	White	-40 °C	60 °C	B-2595 is a vinyl indoor marking material used indoors for Pipemarkers, Arrow Tape, Warehouse Marking, Warning Panels, Safety Signs, Arc Flash and Visual Workplace labels.	—
B-483/ B-634	Polyester with Polyester Overlamine	Gloss	White	-18 °C	54 °C	ToughStripe™ floor marking thermal transfer printable polyester with ultra-aggressive adhesive which allows for printable messages to be placed on the floor. The floor marking roll ships with a separate roll of B-634 Polyester Overlamine to protect your legend. Ideal to create custom-printed floor labels. Available in white, yellow, red, orange, green, blue and black.	—
B-509	Magnetic Polyester		White	-18 °C	70 °C	Magnetic Back Polyester is used for temporary, reusable and movable signs	—
B-526	Phosphorescent Polyester	Gloss	Luminous Green	-40 °C	60 °C	BradyGlo™ High Intensity laminate is designed to provide high adhesion and luminance for egress marking in low light areas in and along stairwells of public buildings, exit and directional signs, identification of fire alarms and extinguishers, low location egress pathway markings, and directional systems for escape or evacuation routes.	New York Local Law 26 RS 6-1 & 6-1A; City of New York, Department of Buildings MEA No. 467-06-M UV: 46-9-7
B-530	Tamper-resistant Vinyl		White	-40 °C	90 °C	Brady's tamper resistant tape destructs into tiny fragments when tampered with.	—
B-549	Polyester	Gloss	White	-40 °C	100 °C	Flexible, dimensionally stable, low temperature, pressure sensitive adhesive tape for permanent application. Adhesive can be applied at temperatures down to -10°F (-23°C).	—

Brady Material No.	Material	Finish	Colour	Temp (°C) (Tested for 30 days)		Properties & Applications	Approval/ Compliance
				Min.	Max.		
B-551	Polyester Tag		White	-40 °C	89 °C	Tag material used for marking on-the-spot warning of dangerous conditions	Complies to OSHA 1910.145(f) when printed with required signal word and major message.
B-569	Polyester		Green	-40 °C	100 °C	Designed for use on stainless steel pipes in harsh environments such as the Pulp and Paper Industry	–
B-581	Vinyl	Gloss	White	-40 °C	82 °C	Only indoor use, where frequent repositioning is required	–
B-582	Phosphorescent Polyester	Gloss	Photo-luminescent	-40 °C	80 °C	Phosphorescent Polyester is used for exit and directional signs, identification of fire alarms and extinguishers, low location egress pathway markings, and directional systems for escape or evacuations routes.	ASTM E-2072-00 / ASTM E-2073-00; ASTM E-162; ASTM E-648; ASTM E-662; IMO Resolution A.752(18); ISO/CD 15370; Marine Safety Committee MSC.27(61); DIN 67510 (Parts 1 - 4) Meets OSHA 1910.37
B-584	Reflective Tape	Gloss	Orange	-40 °C	70 °C	Suitable for outdoor use. Also available in silver and yellow.	–
B-593	Polyester	Gloss	White	-20 °C	100 °C	EPREP (Engraved Panel REplacement labels) are designed for patch panel identification in identifying external push-buttons, switches and internal connection points. Also available in black, green, red, silver and yellow.	UL Recognised; cUL Recognised
B-595	Vinyl	Gloss	White	-40 °C	82 °C	Durable, low-shrink vinyl with our most aggressive adhesive. Conforms to irregular, curved, rough and highly textured surfaces (painted cinder blocks, uneven wood, textured plastics, paper-jacketed pipes, powder-coated surfaces). Adheres to "difficult" low-surface energy items (PVC piping, blow-moulded equipment cases, ABS plastics, recycled plastics). Available in a wide range of colours.	BS5609:1986 Section 2 and section 3
B-7569	Vinyl	Gloss	White	-20 °C	75 °C	Used for Pipe Markers, Arrow Tape, Warehouse Marking, Floor Marking, Warning Panels, Safety Signs and Hazardous Substance Identification. Available in a wide range of colours.	BS5609:1986 Section 2 and section 3
B-7593	Polyethylene Foam Laminate Polyester	Gloss	White, Yellow, Red, Green, Silver, Black	-40 °C	100 °C	EPREP (Engraved Panel REplacement labels) are designed for patch panel identification in identifying external push-buttons, switches and internal connection points. Also available in black, green, red, silver and yellow.	–
B-854	Metal Detectable Polyester	Matt	White	-40 °C	110 °C	Tough against harsh washdown environments; metal detectable. Also available in yellow.	–
B-855	Polyester	Matt	White	-40 °C	110 °C	Tough against harsh washdown environments. Also available in yellow.	–
